

# Taulia Dowloaded

## Unlocking Insights - A Year in Review of Taulia's Platform Data

### What's it like to be part of the world's biggest business network?

The following data provides insights into the world's only complete Working Capital Management Platform, which has over \$500 billion flowing through it annually.

Taulia's global network includes millions of suppliers in 100+ countries. Taulia is now part of SAP, whose systems support 84% of global commerce. Let's look at what that means for the last 12 months...

## In the last twelve months

**>120K**

suppliers had access to funding

**>\$40B<sup>1</sup>**  
in funding

**\$2.5B**

of funding was to businesses who had been on the platform for less than a year<sup>2</sup>

## But what does that look like across your supply chain

On average there are

**1418**

suppliers active<sup>3</sup> on any one day

**48.7**

average days paid early

We've funded

**>\$3B**

to SMBs in the past 12 months

## Why choose Taulia as your Working Capital Management Platform

In the last 12 months, established buyers<sup>4</sup> saved an average of

**\$1.8M**

We've been active in

**67**

countries

And there have been over

**123M**

invoices approved on the platform

## What else should you know about Taulia...

Taulia serves

**334**

Fortune 500 companies

Our top funding day was

**23 Sept**

On that day we provided over

**>\$1B**

in funding

1. Gross invoice amount accelerated via DD and SCF products in 2024  
2. Businesses enrolled on the Taulia platform in the last calendar year

3. Active is defined as "a user who has requested an early payment"  
4. Buyers with programs that have been active over 12 months
