

SAP Taulia's Inventory

An inventory ownership service for supply chain assurance, helping you mitigate against supply chain disruptions such as long lead times resulting in stock outages and lost sales.

Ensure safety stock availability

Let SAP Taulia's Inventory service procure, own, and hold safety stock near your destination for 'always available' inventory with just-in-time delivery. SAP Taulia's Inventory service can own inventory in-transit and/or in a warehouse.

Mitigate against long lead times

SAP Taulia's Inventory service owns inventory in-transit, preserving your balance sheet.

Optimize your Cash Conversion Cycle

SAP Taulia empowers you to improve all levers of working capital; reduce DIO, reduce DSO, and improve DPO for overall working capital improvement.

75%

of companies failed to meet OTIF (on time, in full) expectations in 2021

Why SAP Taulia?

1.

Our unique solution in partnership with leading logistics companies, procures and owns inventory filling the gaps in existing supply chain and working capital management solutions around the globe.

2.

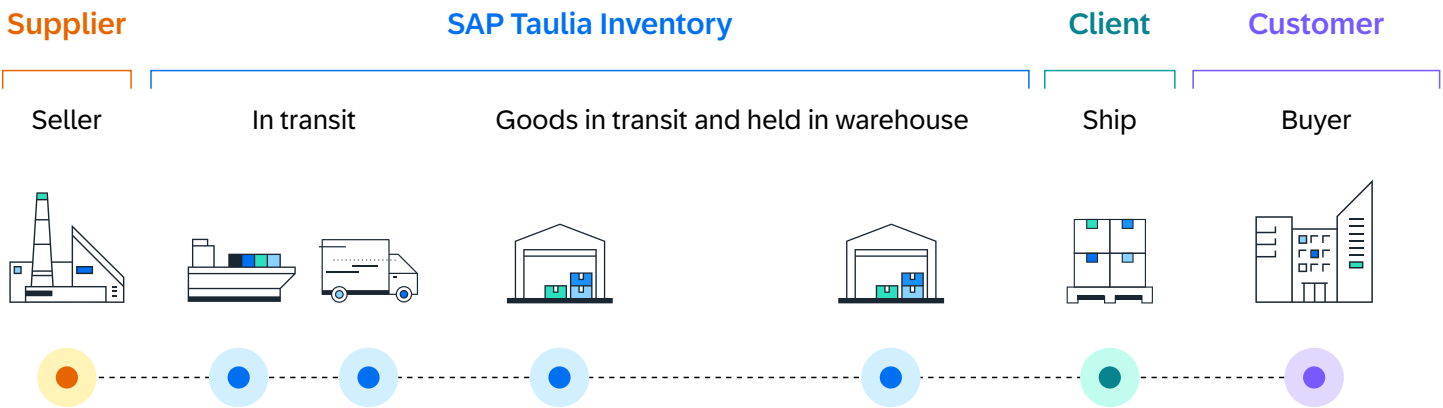

Complete transparency and visibility via our inventory control tower. See where your goods are located and make more informed decision-making on replenishment.

3.

SAP Taulia has a network of millions of suppliers in need of sales and cash acceleration that we serve daily. We are adept at providing efficiency throughout the supply chain and across all levers of working capital.

How does SAP Taulia’s inventory management solution work?

What else can SAP Taulia’s Inventory do?

- Own goods in transit and in a warehouse
- Assurance of supply, mitigating against outages and lost sales
- Fulfill to your customer’s just-in-time delivery requirements
- Track purchase orders, statuses, warehouse volumes, invoices, reconciliations, and more
- Net working capital improvement

SAP Taulia, a global fintech leader, delivers AI-powered working capital solutions that unlock liquidity and drive supply chain resilience.
